Project Name	Gemini Historical Artifact Description
Maximum Marks	2 Marks

**Problem – Solution Fit Template:**

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why

**Purpose:**

- Solve the difficulty of understanding historical artifacts quickly without reading many books or research papers.
- Help students, researchers, and beginners get clear and structured artifact information using AI image + text input.
- Improve learning experience by providing instant descriptions, origin, cultural importance, and usage of artifacts.
- Reduce time and effort spent on manual searching across websites, libraries, and museums.
- Provide an intelligent educational tool that supports modern digital learning and self-study.
- Understand the existing learning problems in history education and improve accessibility through an easy web application.
